

# Independent Grocers look to FMS Solutions when they need:

## Grocery Specific Accounting Services

Over 4,200 independent grocery stores rely on FMS Solutions to make critical decisions based on timely financials, industry benchmarks and proven best practices.

**Weekly Reporting**  
You will know where you are in your business at all times

### Increased Profitability

You will receive timely financial knowledge aligned from weekly reports linked to industry benchmarks, enabling you to make the best decisions, at the right time.

The result is the ability to make three times the profits of the average grocery store

### Office Stability

Avoid the costs, time, risk and stress of finding, replacing, onboarding and keeping administrative staff. Get all your management reports, documents for the government, bank reconciliations created by grocery accountant specialist.

You will have a coach assigned to your business to advise you and your staff of benchmarks, best practices and the path to best in class.

### Grow your business

*"in just six hours a week, we are able to perform most of the bookkeeping functions"*  
Francois Bouchard, The Country Grocer, Ottawa

### Detailed Monthly reporting:

You will get your reports days after the end of the months not weeks Cash Flow, Full P&L and with reports you have chosen from over 100 templates created by grocers to improve their control over their success.

### Benchmarking

Total store shrink  
**3.4% vs. 2.3%**  
Pack vs. top performers

Your business financials will be benchmarked vs the average and best in class stores. To help you maximize your profit and guide your business decision

### Best Practices

We have created a library of proven resources compiled over 40 years of helping owners to optimize and protect their investments

### Paperless

Drill down any report right to a scanned picture of the actual invoice. Eliminate the need for banana boxes full of hard copies

### Cloud Based

No specialized equipment needed. Keep your finger on the financial pulse of your business from anywhere
